Wednesday: 9AM - 17PM
Thursday: 9AM - 17PM
Friday: 9AM - 17PM
Saturday: Closed
Sunday: Closed

ANIMATION LOGO

The logo for Midwest Computer Technologies is displayed within a white rectangular border. The text is in a white, all-caps, sans-serif font, arranged in two lines: "MIDWEST COMPUTER" on the top line and "TECHNOLOGIES" on the bottom line. The background of the logo is a dark, textured surface with a subtle pattern of small dots, and a hand is visible holding a pen, suggesting a design or writing process.

MIDWEST COMPUTER
TECHNOLOGIES

"Logon" är indelad i två `<h1>` rubriker med en osynlig `<div>` emellan.

Den övre rubriken har ingen border undertill och den övre rubriken har ingen border upptill.

Detta gör så att logon har en border runt sig med ett "hål" på varje sida

ANIMATION LOGO

```
main div {  
  height: 1rem;  
  width: 43rem;  
  animation: 1s cometogether ease-in-out;  
}  
  
@keyframes cometogether {  
  0% {  
    height: 50rem;  
  }  
  25% {  
    height: 1rem;  
  }  
  50% {  
    height: 3rem;  
  }  
  75% {  
    height: 0;  
  }  
  100% {  
    height: 1rem;  
  }  
}
```

Den osynliga boxen i mitten animeras med att storleken minskas och höjs för att få till en drop och en bounce effekt.

ANIMATION LOGO

```
main h1 {  
  font-size: 62px;  
  letter-spacing: 10px;  
  color: ■ #dfdfdf;  
  text-shadow: 1px 1px ■ gray;  
  text-transform: uppercase;  
  font-family: 'Dosis', sans-serif;  
  animation: 700ms opacityheading ease-in-out;  
}
```

```
@keyframes opacityheading {  
  from {  
    opacity: 0;  
  }  
  to {  
    opacity: 1;  
  }  
}
```

Samtidigt animeras texten så att den tonas in snabbt så det ser ut som att texten kommer utifrån sidan, och inte att den börjar inuti sidan.

HEADER SCROLL

```
window.addEventListener("scroll", function() {  
  const header = document.querySelector('header');  
  if(window.scrollY == 0){  
    header.style.backgroundColor = "rgba(0,0,0,0.1)";  
  } else {  
    header.style.backgroundColor = "black";  
  }  
})
```

Lite javascript för att headern som är "position: fixed" skall ändra färg när man börjar scrolla ner.

```
const date = new Date();
const today = date.getDay();
const daysOfWeek = document.querySelector('#days-of-week').children;

switch(today){
  case 1:
    daysOfWeek[0].style.fontWeight = "bold";
    break;
  case 2:
    daysOfWeek[1].style.fontWeight = "bold";
    break;
  case 3:
    daysOfWeek[2].style.fontWeight = "bold";
    break;
  case 4:
    daysOfWeek[3].style.fontWeight = "bold";
    break;
  case 5:
    daysOfWeek[4].style.fontWeight = "bold";
    break;
  case 6:
    daysOfWeek[5].style.fontWeight = "bold";
    break;
  case 0:
    daysOfWeek[6].style.fontWeight = "bold";
    break;
}
```

DAGENS DATUM

Under öppettiderna markeras den dag som är nu med fet stil men hjälp av lite javascript.
